

Soil Erosion

Greg Colton - Inspector

Phone: 989-345-3370

Fax: 989-345-5919

We currently issue Soil Erosion Permits throughout Ogemaw County. If you are disturbing more than 1 acre of land, or are disturbing soil within 500 feet of any designated lake, stream, or natural wetlands, a Soil Erosion Permit is required. For more details you may call our office and speak with Glenda, about permit requirements, or Greg, pertaining to inspection requirements.

Click on the link below for the Soil Erosion Permit Application.
